

THE DECK

The Deck restaurant specializes in authentic Thai food and International cuisine. Our priority is to source local ingredients and we endeavor to use organic products whenever possible. All curry pastes are made in house using the freshest ingredients available. And we do not use MSG in any of our food.

Our Executive Chef Khun Kla has recently launched a new menu that features plenty of new dishes with some of them highlighted as recommended by our Jara spa team as being healthy options.

We also understand that certain food intolerances are becoming more common and therefore we have highlighted those dishes suitable for people with the following allergies; dairy, peanuts, wheat, shellfish, soy, tree nuts.

In order to help you navigate the menu, some of the dishes are marked with icons which are identified below.
